STEAM EDUCATION PROFESSIONAL DEVELOPMENT PRESENTED BY: GEORGETTE YAKMAN

The STEAM Education workshop will provide educators with professional development to more deeply understand STEAM theory, customize program development and practicum for delivering and creating integrative STEAM curriculum.

The workshop includes:

- ★ STEAM Theory, Program Development, & Practicum overview of processes and examples of developing and running STEAM programs.
- ★ One-year access to the extensive online STEAM course when you register, so that workshop can be more proactive time to advance your customized plans to a deeper level.
- ★ Over 100 supplemental downloads that can be referred to for deeper extensions.
- ★ Assistance from STEAM Education team on the workshop day while attendees develop their own STEAM program and curriculum plans using processes learned for curriculum mapping, thematic unit planning, and nine subject-area fully integrative STEAM lesson plan development.
- ★ FUNctional teaching activities offering some of the resources available in the growing online bank of STEAM lesson plans.
- ★ Membership in STEAM Education's global network of like-minded educators working together to co-create curriculum and share resources and ideas with over 2,000 trained educators, representing 39 U.S. states and 15 countries.

Cost: \$250 (with ITEEA Conference Registration) or \$300 (without ITEEA Registration)

For those wishing to:

- * have access to the STEAM Lesson Plan Bank
- * become Certified STEAM Curriculum Developers
- * go on to have a staff or program STEAM Certified

Options are available directly through STEAM Education: Contact@steamedu.com

* **\$50 discount offered for workshop attendees**
